

# + Scope 1 + 2: Path towards Carbon neutrality within Operations

CO<sub>2</sub>e emission (scope 1 & 2) reduction

- SBTi pace of 4.2% over 7 years, (rounded to 30%).
- GFMS aims to overachieve the target and aims for a 75% reduction by 2026
- GFMS is monitoring the plans to achieve this reduction

Near-term Science Based Target
