

Learn the main functionalities to achieve basic EDM Die- sinking performance

Learn to operate training

EDM – Die-sinking

Basic training

article n°200010301 (at GF site)

article n°200010302 (at customer site)

Duration	Number of participants	Experience level	Requirements	Machines
3 days	4	Beginner	Basic technical skills	DRILL 20, FORM , FORM E, FORM P, FORM S, FORM X

What are the course contents?

- + Understanding the EDM process
- + Mastering the HMI:
- + Navigating through the different screens
- + Machine language
- + Learning how to write a machining program
- + Optimum machine settings method
- + Preparing the machine and its environment
- + Temperature control and dielectric quality
- + Verification of control points
- + References and position of workpieces
- + Learning and using machining parameters
- + Machine maintenance

What is the course objective?

- + In this course, participants learn how to make their first workpieces on a die-sinking EDM machine and work unassisted.

What are the course benefits?

- + Learn the key functions of the EDM machine.
