

# CORE COMPONENTS WARRANTY EXTENSION

PROTECT THE HEART OF YOUR MACHINE

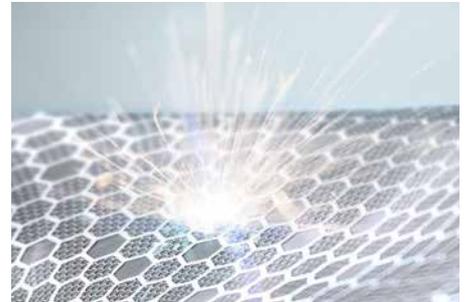

# WHY EXTEND YOUR MACHINE CORE COMPONENTS WARRANTY?

Whether your machine operates under demanding conditions or you simply want to secure one of its most vital and valuable components, extending your warranty is a smart move. As your standard coverage nears its end, planning ahead can help you avoid unexpected repair costs.

## Want complete peace of mind?

Go further with full coverage — choose the Gold Success Pack, our most comprehensive service offering, including full warranty on parts and labor.

## WIRE EDM

- Generator warranty extension up to the 5th year of your machine's life

## MILLING

- +12 months or 18,000 hours spindle warranty extension
- In combination with a Preventive Maintenance contract

## LASER

- +12 months warranty on the laser source
- Valid for machines up to 5 years old

# YOUR FIRST STEP TOWARDS COST CONTROL

At UNITED MACHINING, we offer tailored warranty extensions for your essential components, for all our technologies—including EDM, Milling, and Laser.

Conditions apply.
